1. General information:

The Haflinger World Show is an event organised by the Haflinger Horse Breeding Association Tyrol (HPT) in cooperation with the Haflinger World Breeding and Sports Association (HWZSV). By resolution of the HWZSV General Assembly on 01.10.2023, the organisation and staging of the Haflinger World Show was transferred to the Haflinger Horse Breeding Association Tyrol.

2. Organiser and venue:

The organiser is the Haflinger Horse Breeding Association Tyrol, Schlossallee 27 - 29 in A-6341 Ebbs. The venue is the Haflinger Stud Fohlenhof in Ebbs, also Schlossallee 27 - 29 in A-6341 Ebbs. Event date: from 29 May to 01 June 2025.

3. Type of event:

This is a breeding show for horses of the Haflinger breed. The horses will be presented in hand and judged individually. It is at the organiser's discretion to record and present collections, generation sequences etc.

4. Invitation to tender:

The invitation to tender will be published in the trade magazines "Haflinger Pferde" and "Haflinger Info" and on the internet at www.haflinger-tirol.com and www.haflinger-world.com. Furthermore, the invitation to tender will be sent digitally to all member organisations of the HWZSV.

5. Eligible Haflinger horses:

- ✿ Haflinger horses registered in the stud book of member organisations of the HWZSV are eligible to participate.
- ✿ Licensed Haflinger stallions aged three and four years.
- ✿ Licensed Haflinger stallions from the age of five with a positive stallion performance test (HLP as a 30-day station test).
- ✿ Haflinger young mares aged between one and three years.
- ✿ Haflinger mares with foals at foot.
- ✿ Haflinger mares without foals.

6. Number of show horses:

Each member organisation is allocated a quota of show horses in proportion to the corresponding population of Haflinger breeding horses. If the agreed quota is not used up by a participating organisation, the vacant places will be divided up. The maximum upper limit is set at 600 show horses.

7. Registration and team leader:

Horses are registered directly with the organiser by the member organisations. A copy of the horse passport with proof of at least six previous generations must be enclosed with the registration. In the case of pregnant mares, the sire of the foal must be stated. For stallions aged five years and older, the result of the stallion performance test must be enclosed.

Each member organisation must nominate a "team leader" to officially represent the respective organisation.

The following deadlines are specified and must be adhered to without exception:

- ✿ Number and naming of horses and owners per nation by 28 February 2025.
- ✿ Nomination by name from the team leader(s) by 28 February 2025.

8. Nomination of the participating horses:

9. Assessment of the horses:

All show horses will be judged individually by a commission at the show triangle - the judging commission will be made up of nationally recognised breed judges appointed by the HWZSV. For every 30 show horses, one breeding judge is nominated and invited by the organiser, i.e. a total of 20 breeding judges divided between five presentation triangles. The horses are judged according to the 11-point scoring system. The procedure and mode is supervised by the "Show Management", which consists of the President of the HWZSV and one representative each from ANACHRAI Italy and ARGE Haflinger Austria.

The classes are ranked in the main ring (arena) and the respective winners, reserve winners and second reserve winners are determined. From these, the World Champion and World Reserve Champion are chosen in five categories:

- World Champion Stallion Breeding Stallion
- World champion stallion breeding stallion young
- World Champion Broodmare
- World Champion Broodmare Young
- World Youth Winner
- National winner
